

**Session 1 - The Duality of Gun Violence & Mental Illness (3.0 CEU Hours)**  
**9:00am – 12:00noon**

At the conclusion of this program, participants will be able to:

Cite the etiology of gun violence

Compare gun violence against persons known vs random acts of violence

Discuss the history of gun violence in America and the effect of prohibition policies

Consider the relationship between gun violence and mental illness including deaths by suicide

Identify risk factors for gun violence including the impact of violent media & video games

Examine the influences of social determinants including poverty, health conditions, anger, aggression and certain personality disorders

Review evidence-based violence prevention programs including conflict resolution

Utilize appropriate intervention strategies to assist clients who are perpetrators and/or victims of violence

Educate clients who ask about gun safety procedures and federal & state gun reporting laws

**Session 2 - Living & Leaving a Legacy (3.0 CEU Hours)**  
**1:00pm – 4:00pm**

At the conclusion of this program, participants will be able to:

Describe the background and history of legacy work

Define the various types of legacies in one's life

Distinguish the differences between living a legacy and leaving a legacy

Examine their own personal legacies

Utilize several exercises with clients to assist them with these concepts

Apply various tangible legacy projects in their work with clients
