

SPECIAL OFFERS FROM ASK ANDY GUILF

OFFER 1:

I am currently accepting new coaching clients, and I believe my services would be a great fit for sole traders and small business owners.

I offer one-hour Zoom sessions each month, which are recorded so you can review them at your convenience. I also provide notes from each session.

My sessions are tailored to your specific needs and goals, rather than being dictated by a rigid method or approach. Additionally, you will have access to me via phone throughout the month for any questions or support you may need.

I also offer online support for all your social media platforms. The cost for this comprehensive package is just £150 per month.

As I only have three spots available, contact me as soon as possible if you would like to discuss the details further.
