

Laura Stack, MBA, CSP, CPAE

Laura Stack's 19-year-old son, Johnny, died by suicide on November 20, 2019, after becoming psychotic from dabbing high-THC marijuana concentrates. Soon afterward, Laura started a 501(c)(3) nonprofit—Johnny's Ambassadors—to educate parents, teens, and communities about the dangers of today's high-THC marijuana on adolescent brain development, mental illness, and suicide.

Join us for this **FREE** community presentation, open to parents, educators, and anyone who works with or cares about youth.
