

# Apap Painting & Renovations

## Big News!

---

After four generations of service, George Apap Painting is entering an exciting new chapter. We are proud to announce that our company name is changing to Apap Painting & Renovations. This change reflects who we are today and where we are headed as a company.

Over the years, the company has grown – and so has our team. With multiple family members working side by side within the business, we felt it was the right time to simplify our name by dropping “George” and embracing the family name that represents generations of craftsmanship, commitment, and pride in our work.

Just as importantly, our new name better reflects the full scope of services we provide. While painting has always been at the heart of what we do, our offerings have evolved over time. By adding “Renovations” to our name, we’re able to more clearly communicate the wide range of services we now provide and better serve our clients’ needs.

Though our name is changing, everything else remains the same.

We are still the same fourth-generation company you have trusted for decades. We continue to deliver the same high-quality workmanship, the same attention to detail, and the same dependable service. Our team hasn’t changed – and neither has our commitment to excellence. Apap Painting & Renovations represents both our history and our future: honoring where we come from while embracing how our services have grown. We’re proud of our roots, excited about what’s ahead, and grateful to our clients for allowing us to be part of their homes and projects over the years.

Thank you for continuing to trust Apap Painting & Renovations.
