

Nikki Wynn

From Richmond, Virginia and a Huguenot High School graduate, Nikki Wynn earned an Associate of Applied Science in Information Systems Technology from Southside Virginia Community College.

After graduating from SVCC, Nikki worked for the Department of Homeland Security (FEMA) on a temporary assignment, as well as with contracting agencies. She is currently a full-time Information Technology Specialist. Nikki is also currently a student at Liberty University, pursuing a Bachelor of Science in Information Technology with a concentration in Data Networking & Security, and studying for her Security+ certification.

When asked what she would like to share with other adult learners, Nikki responded, "Please don't give up and always stay encouraged. I didn't receive my Associate's Degree until I was 36 years old. I am currently 41 years old and still pursuing my education because of my determination to succeed. You are never too old to pursue your education."

Thanks to Kelley LaPrade for coordinating this SVCC Alumni Spotlight

Southside Virginia Community College, 109 Campus Drive, Alberta, VA 23821
