

STEM School Accountability Committee

Are you looking to get more involved with the school, but not sure where to start? Are you interested in learning about STEM and the impact we as parents, teachers, and staff have on our students? Or are you just curious how our school runs and what goes into making our school a success? If you said yes to any of these questions please consider attending the STEM SAC monthly meetings. All parents are welcome and encouraged to attend our meetings.

What is SAC and what do we do?

- It's parents, it's teachers, it's community, it's YOU! SAC is an advisory committee to the director of our school. In Colorado it is a statutory requirement for every school to have a School Accountability Committee, SAC.
- The purpose of the SAC is to inform, encourage, and provide opportunities for parent and community members to be involved in the planning of the school's instructional program and quality improvement process.
- Educating our children is a partnership between families and educators. The STEM SAC is a great forum for parents to be involved in their children's school. The SAC welcomes all parents and community members to attend the meetings to learn more about the "business" of educating our students.

SAC 2020-2021

The STEM SAC had two parent positions to fill for the 2020-21 school year and we are excited to welcome Carla Gustafson and David Emge to our committee. Our parent committee members for the 2020-2021 school year are as follows and we are looking forward to a great year.

<ul style="list-style-type: none">• Kelly Reyna• Amy Winans• Ishmeet Kalra• Erin Gomez	<ul style="list-style-type: none">• Angela Tolar• Davide Emge• Carla Gustafson• Tamara Emge
---	--

SAC meetings are generally held once a month on the 3rd Wednesday of the month. We occasionally will have joint meetings with the PTO throughout the school year. If you have any questions or would like additional information please feel free to reach out to us at sac@stemk12.org. We look forward to meeting you and welcome to STEM School Highlands Ranch.

To know your school is to love your school.

Never Stop Innovating!

We envision a world of exponential possibilities where every child develops the innate knowledge, skills, creativity and character to thrive, lead and succeed in an ever-changing future.
