Folding Instructions for Zine

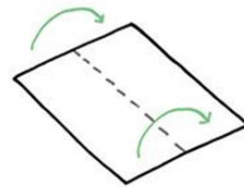

Mis Colores y Numeros en Dos Maneras

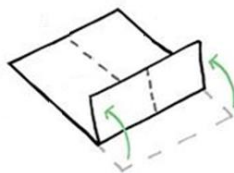

lay page flat

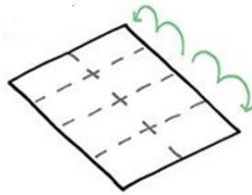

fold hotdog way

open up

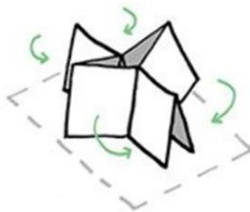

fold hamburger way
(4 even sections)

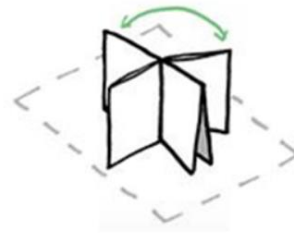

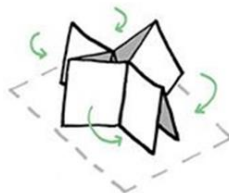

there should be
8 sections

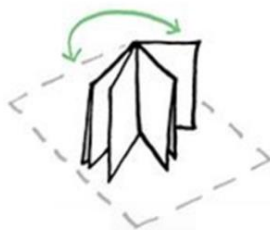

Pinch up the paper as shown. Cut a slit following the hotdog fold line. **DO NOT CUT TO THE END!** Leave the end sections uncut.

grab either side of the slit and
make a standing "plus sign"

Take 2 pages/sections in each
hand and lay flat to smooth out.

Fold the left and right sides
together to form a book/zine

Taaah Daaah! You have now created an 8
page zine or book from one sheet of paper

Mis Colores y Numeros En Dos Maneras

My Colors and Number in Two Ways

Coloring Book Lesson Ideas

Introduction:

The coloring book is bilingual Spanish and English. It teaches color names and numbers in both languages. A blank by the word “página” (page) provides a chance for practice writing numbers while seeing the numbers printed on the page. The Coloring Book can be printed on 8.5 by 11 – letter size paper. The only other supplies needed are crayons matching the colors and a pair of scissors.

Supplies

- 8.5 X 11 – Letter size paper
- Scissors
- Red, orange, blue, yellow, and purple crayons
- Optional: pencils

Lesson Ideas:

Fine Motor Skills:

- Folding – hand/eye coordination
- Scissors – hand/eye coordination
- Crayons - hand/eye coordination

Communications/Verbal/Literacy

- Preliteracy – match color with word
- Math/Logic – number sequences and following step by step directions
- Symbols – matching written numbers/letters with the abstract representation

Social/Emotional

- Diversity – two languages: English and Spanish
- Culture – Spanish language use by other families and countries
