SaddleBrooke RV Club Expands Membership

The SaddleBrooke RV Club (SBRV) recently changed their by-laws. SBRV now allows SaddleBrooke HOA1 and HOA 2 owners or renters in good standing who are interested in the RV lifestyle to join whether they own an RV or not.

Over the years many people in SaddleBrooke have expressed interest and curiosity about this pastime, and now several RV parks have cabins to rent for those who are non-RV owners. New members who do not own an RV will now have a chance to join rallies, attend meetings, discuss RV technical details, and participate in socializing with like-minded RV enthusiasts.

In 2024 the SaddleBrooke RV Club held seven rallies in varied locations such as Texas, California, Louisiana, Utah, Arizona and more. Past SBRV rallies featured wine-tasting, fireworks exhibits, the Albuquerque International Balloon Fiesta, Kartchner Caverns, Antelope Canyon, the Grand Canyon Train, and many more.

SBRV meets on the second Tuesday of the month at 7:00 p.m. at the HOA1 Activity Center. Meetings are held January through March and September through November. SBRV also hosts a December holiday party and April bon voyage party.

In addition to new members, previous members who sold their RVs are welcome to re-join SBRV!

SaddleBrooke WWII Roundtable — Were we “railroaded” in WWII??

Join us on **May 14, 2026**

1:00pm at DesertView Theater

“American Railroads & Logistics in WWII, and the Southern Pacific Railroad” — Mark R. Schwartz (Lt Col, USAF, retired)

American entry into World War II came during a transition from economic depression to full-capacity manufacturing. Soldiers, raw materials and war goods transversed the country and moved to departure ports — mostly on US rails. Our Homefront production miracle would never have occurred if American railroads had failed to sustain the exceptional movement of people and materials. The Southern Pacific, in particular, rose to this need and merited close government attention as a critical segment in the wartime rail system. SP beat the expectations and serviced military and commercial transportation needs to help assure victory and America’s expansion to global superpower.

Mark Schwartz, a retired Air Force Lt Colonel and F-4 Phantom Weapons Systems Officer, lives in Tucson and lectures on military and political subjects — to include America’s rise to global power during and after World War II. He holds a bachelors degree in Political Science from Ohio State and a masters from Arizona State in History. Mark also belongs to a Tucson model railroad club and operates Southern Pacific equipment. His current focus is getting scholarly papers on politico-military subjects published along with an alternate history on World War II.
