

## Goatscaping is coming to SaddleBrooke One

Nature's Surprise Ranch will be onsite with their goats starting March 16, 2026 for about three weeks. The goats will graze to clear vegetation including weeds, brush and unwanted plants. The goats will be inside a clearly marked electric fence and the grazing areas will be 5 feet outside of the Golf Course Out Of Bounds Markers and 4 feet from the back walls of the homes. Residents are encouraged to stay clear of the electric fencing. Nature's Surprise Ranch expects to clear behind 5-6 lots a day, moving the fencing down to the next 5-6 lots.

**Section 1:** Common Area on the east side of Catalina Course Hole #5.
