Learn how your practice can become environmentally sustainable, while saving money! This program will explain the environmental and climate impacts of outpatient healthcare, and offer a workshop for you to add environmental sustainability to your practice in a way that will save you money and help create healthier communities.

LEARNING OBJECTIVES:

- Be aware of the health risks of climate change to Bay Area patients
- Understand the environmental and climate impacts of outpatient healthcare practices
- Learn what resources are available to health professionals and managers for environmental sustainability
- Learn easy steps that practices can take to add environmental sustainability using ACCMA's My Green Doctor program
- Learn methods for communicating wise environmental choices to patients

PRESENTER:

TODD L. SACK, MD, FACP
EXECUTIVE DIRECTOR, MY GREEN DOCTOR FOUNDATION

Dr. Todd Sack serves on the Board of Directors of Physicians for Social Responsibility, he chaired for ten years the Environment & Health Section of the Florida Medical Association, he chaired his community's Environmental Protection Board, and served on the Florida Energy Commission, where he chaired the Climate Change Advisory Group. He has authored twenty environmental and climate policies that were adopted by the American Medical Association or other organizations.

Accreditation Statement: ACCMA is accredited by the Institute for California Medical Association (CMA) to provide continuing medical education.
Credit Designation Statement: ACCMA designates this live activity for a maximum of 1.0 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.
