

# COVID-19'S IMPACT ON OPIOID ADDICTION SERVICES ONLINE SEMINAR

## REGISTRATION:

Visit <https://bit.ly/3boT9c8> to register online.

**Zoom link and instructions will be provided**  
the day before the program.

May 28, 2020 | 12:30 to 1:30 PM  
FREE | CME Available

This seminar will provide physicians with new approaches to maintaining treatment for patients with Opioid Use Disorder (OUD) and/or addiction. During the seminar, providers from MAT clinics from Alameda County will help providers understand how they are keeping their patients on a treatment regimen during the COVID-19 crisis. Presenters will discuss the impact COVID-19 has had on physicians' abilities to provide MAT treatment and ideas on how protocols can be altered so that they are still safe, legal, and harm-reducing but available to patients despite not meeting face-to-face.

### LEARNING OBJECTIVES:

- Participants will understand how to maintain treatment for patients with OUD and/or addiction during the pandemic.
- Participants will learn about continuation of care following the pandemic.
- Participants will explore the federal changes related to OUD treatment and care.

#### DR. ANDREW A HERRING:

Dr. Andrew A Herring is an emergency physician and director of emergency pain management and addiction treatment at Highland Hospital, Alameda Health System in Oakland, CA. Dr. Herring conducts research on health policy, addiction treatment, and non-opioid pain management approaches in the ED. He is leading a CHCF-funded series of pilots to launch provision of medication-assisted treatment for opioid use disorder in emergency departments throughout northern California.

#### JOSH LUFTIG, PA:

Josh Luftig is a Department of Emergency Medicine PA, Investigator and Clinical Instructor of Emergency Regional Anesthesia at Highland Hospital-Alameda Health System, and Bay Area Regional Director for the Bridge Program.
