ISPE Exhibitor Guidelines and Information

List of Attendees Needed:

Exhibitors will be emailed directions to submit your attendee names

Set Up Time: Noon - 2:00 pm

Table Size: 6 feet long by 2 1/2 feet wide

The following restrictions for table tops are set by ISPE Headquarters:

- 1) Exhibits must be staffed at all times during exhibit hours. Exhibitors may not take down display before closing hours.
- 2) Exhibits must conform to the following:
 - The entire display must be confined to the top of the table only (nothing will be allowed to hang off, behind, or along side).
 - The maximum height of any display shall be 60" above the table top including lights, signs, etc. However, taller roll up displays will also be allowed on the table or on the floor directly against the back of the table (looking as if it is part of the table).
 - The maximum width of any display shall be 72". Displays must not overhang top of the table.
 - Only static displays are acceptable. No operating machinery of any type will be allowed, however, computers are acceptable.
- 3) ISPE reserves the right to restrict table top exhibits which are objectionable because of size, noise, glaring or flashing lights, method of operation, or any reason and, therefore, to prohibit or evict any exhibitor who, in the opinion of ISPE, may detract from the overall good of the exhibit. This reservation includes person, conduct, printed matter or anything ISPE judges to be objectionable.
- 4) Any failure to comply with the above restrictions may result in exclusion from participation in future ISPE table top events.

Electricity: Each table will receive access to one outlet, please bring a power strip and extension cord if more outlets are needed.

Shipping Information: There is no shipping to or from the venue. All display materials need to be brought with you to the venue and taken by you at the end of the event.

Hotels: We do not have a room block for sleeping rooms, however, there are lots of great options nearby that include your favorite hotel brand.

Food and Beverage: No food or beverage of any kind shall be permitted to be brought into the premises. Exhibitors can hand out candy at their table, but not any other food or drinks.

Damages: The exhibitor(s) will be financially responsible for repair of any damage to walls, floors, permanent fixtures or furnishings.

Garbage and Trash Removal: Please remove all materials and empty cartons from your exhibit area upon conclusion of the event. All materials should be removed from exhibit areas when unattended. Neither ISPE nor the hotel are responsible for lost, damaged or stolen articles.

Signage: Items may NOT be affixed to walls with nails, push pins, tape, staples, or by any other means.

These are table tops only, not exhibit booths. We have found that since these are small table tops, many vendors stand in front of their tables eliminating a barrier between you and your potential clients. Your entire display must fit on your table with no items on the floor. Please see the guidelines established by ISPE explaining the maximum size of displays. Chairs will be available for those needing them.

Table Covers: We encourage you to bring your own table cover. **Table covers only will be provided by request. Please let us know if you need a table cover by May 9, 2022.**

Pass The Word: This is your show. Please tell everyone in the industry about our event. We are competing with many other shows and to continue our success, we need your help. Please forward the event email to people you are in contact with at local biotech, pharmaceutical, medical device and related industry firms.
