⚡ **Setbacks Don't Define Us—Our Community Does!** 💪❤️

272,000 gallons of water. Walls torn apart. Floors ripped up. A dream temporarily set back. But we're still standing.

When the ceiling pipe burst, we could have let it break our spirits too. But instead, we rolled up our sleeves, leaned on each other, and got to work. Because PACC is more than a building—it's a promise to this community. And that promise won't be washed away.

You can help us rebuild. 🕒 Lowe's is offering grants to community projects just like ours, and we need your help to get nominated. It takes less than a minute to fill out the form, and each nomination brings us one step closer to restoring a space that will serve all of us.

We have posted screenshots of the form in the comments with information that you will need to complete the nomination.
