## Have you considered expanding your volunteering to make a **GREATER IMPACT** on your community?

Nonprofit Board Boot Camp is about connecting new leaders to local nonprofits where their professional skills can help support our community through board service. When matched with the right nonprofit, a new board member brings their unique experiences and expertise that can tremendously impact the success and stability of an organization's ability to achieve their mission.

This program consists of two Boot Camp sessions that will lead into our Nonprofit Board Speed Dating event, where participants will have the chance to meet and learn more about local nonprofits that are seeking potential board members.
