

## Worship Software Workshop

The FUMMWA is offering a Contemporary Technology Worship Workshop on Saturday, October 21st at Midstate College in Peoria, IL. This workshop is completely hands-on and will focus on the major church presenter software programs Media Shout and Pro Presenter. Attendees will each have the opportunity to use a demo of the programs and undergo basic and, if desired, advanced demonstrations of the programs by expert instructors. This workshop is perfect for audio/visual volunteers, paid staff, and anyone else who may need to learn more about these programs and how they function in worship services. Please note: the final details of the schedule are subject to change based on the interest and skills of the participant.
