

I-84 CORRIDOR KARCHER INTERCHANGE

I-84 nighttime closure at the Karcher Interchange Wednesday, August 20

I-84 will be **closed overnight on August 20 (10 p.m. to 5 a.m)** under the Karcher Interchange. This closure will allow crews to pour concrete for the newly widened SH-55 Bridge. This work is necessary to widen Karcher Road (SH-55) over the interstate.

Motorists traveling eastbound will:

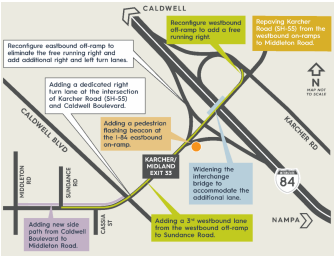

1. Exit I-84 using the Karcher Interchange eastbound off-ramp (Exit 33).
2. Cross Karcher Road.
3. Use the eastbound on-ramp to merge back onto I-84.

Motorists traveling westbound will:

1. Exit I-84 at the Northside Interchange (Exit 35).
2. Travel north on Northside Blvd.
3. Turn left on to Karcher Road.
4. Travel west until you reaching the Karcher Interchange westbound on-ramp.
5. Use the Karcher Interchange westbound on-ramp to merge back on to westbound I-84.

These improvements are part of a larger effort to improve traffic flow and safety at the interchange and along Karcher Road.

Map of improvements (click to enlarge)

Improvements being built as a part of the project include:

- Adding a free running right hand turn at the westbound off-ramp
- Paving a third westbound lane on Karcher Road from the westbound off-ramp to Sundance Road
- Reinforcing the Karcher Interchange and Indian Creek bridges to support the new lane
- Updating signal equipment and adding a pedestrian flashing beacon at the eastbound on-ramp
- Building a separated mixed-use path on the north side of Karcher Road
