## 10. **Voting if you live in a Nursing Home, Residential Facility, or In-Patient Treatment Facility**

If you live in a Residential care facility such as a Nursing Home, Community Based Residential Facility, Residential care Apartment Complex, or Adult Family Home, you may be visited by a Special Voting Deputy (SVD) who helps to administer an absentee ballot.

A Special Deputy will visit if:

- a. There are at least 5 people registered to vote in the municipality where the facility is located; and
- b. At least one resident has requested an absentee ballot for the election.
- c. The clerk may also choose to send Special Voting Deputies if the facility does not meet the statutory threshold whereby they are required to send Special Voting Deputies.

*Contact your Municipal Clerk to determine if a Special Deputy will visit.*

## 11. **I have a Guardian. Am I able to vote?**

In Wisconsin, a person under guardianship retains the right to vote unless the court expressly removes it.

- If an individual is under guardianship and unsure of their right to vote, the Court's decision regarding the right to vote is recorded on a court form called "A Determination and Order on Petition for Guardianship Due to Incompetency." (GN-3170).
- The language in the court order will not specifically say that the person has retained the right to vote, however, a box will be checked if the right has been removed.
- If someone is under guardianship and not sure if they have the right to vote, they should:
  - Ask their guardian to look at the "Determination and Order form" mentioned above to see if their right to vote was removed. A copy of this form may be requested from Probate Court in their county (costs about \$2.00 to get a copy).  
OR
  - Contact the Municipal Clerk for their community. The Clerk can check the list they receive from the state of individuals adjudicated incompetent and ineligible to vote.
- A person who has a guardian and has lost the right to vote may petition the court to restore their right to vote (Wis. Stat 54.64(2)(a)).

## **12. What accommodations are available at my polling place?**

- **Curbside voting** is available if a voter cannot enter the polling place due to a disability on Election Day. Two poll workers will bring a ballot to the individual needing assistance, and conduct voting at their vehicle, or at the polling place entrance. Proof of residence must be provided if a voter is not registered. Proof of identification must be provided.
- **If a voter inside the polling location cannot sign the poll list** due to a physical disability, they should inform a poll worker. The poll worker will write “Exempt by order of inspectors” in the signature space on the poll list.
- **An accessible voting machine will be available in every polling place.** This machine will allow voters to independently mark the ballot. These machines will be set up to allow voters who use a wheelchair to reach the controls, and have an audio ballot-marking option for voters with visual impairment.
- **If a voter needs help marking the ballot, he or she may have a person assist them.** That person does not need to be qualified to vote. The voter may not receive assistance from an employer or a representative of that voter’s labor organization.
- **Other reasonable accommodations can be requested.** Speak to the chief inspector at the polling place or the municipal clerk. Contact information for municipal clerks is online at <https://elections.wi.gov/clerks/directory>
