Positive Options for Women Entering Recovery Substance Use Disorder Treatment

Are you concerned about your substance use?

Are you ready to create a better life for you and your children?

The Milwaukee Women's Center's P.O.W.E.R. program provides treatment options for women who want to live healthier lives. P.O.W.E.R. offers Day Treatment, Intensive Outpatient Treatment, and Outpatient Treatment options for women ages 18 and up who are living with a Substance Use Disorder. Priority access will be given to pregnant women.

Treatment plans are built to meet each woman's individual needs and circumstances. The POWER counselor will help you find the treatment that's right for you. Treatment will include individual counseling, group therapy and support groups, and recovery support.

Participants will also have access to:

- Basic needs assistance
- Job training
- Other community resources
- Transportation (if paying with private insurance)

Treatment can be covered by Medicaid or private insurance.

Call Linda today to learn more at 414-270-4600.
