

# Drug Impairment Training for Education Professionals (DITEP)

**November 14 & 15, 2019**

**9:00a-4:00p each day**

Community Advocates Training Center

6900 W. Brown Deer Road

Milwaukee, WI 53223

The purpose of this two-day training is to enable education and other professionals to identify chemically impaired individuals and types of drugs for the purpose of ensuring a safe environment.

**Day 1** is general information, which includes:

- Introduction and overview
- Drugs in society
- Policy, procedures, and roles
- Drug identification
- Drug categories and their observable effects
- Issues involving the law

**Day 2** is skills training, which includes:

- Eye examinations
- Vital signs
- Divided attention tests
- Poly-drug use
- Assessment process

**Objectives of this training:**

- Describe the involvement of drugs in school, organizations, and society
- Name the seven drug categories and recognize their effects
- Describe drug impairment signs and symptoms
- Properly interpret the results of your observations

**Who should attend:**

Educators, school nurses, administrators, law enforcement, parents, nonprofits and youth-serving organizations.

**REGISTRATION**

There is no cost to attend. Participants will receive a manual and lunch.

**Space is limited, so RSVP now.**

**THIS IS A TWO-DAY COURSE; PLEASE REGISTER FOR BOTH DAYS.**
