

Join staff from Milwaukee County DHHS-Disabilities Services Division Adult Protective Services Team on a walk-in honor of World Elder Abuse Awareness Day (WEAAD).

The purpose of WEAAD is to provide an opportunity for communities around the world to promote a better understanding of abuse and neglect of older people by raising awareness of the cultural, social, economic, and demographic processes affecting elder abuse and neglect. WEAAD is a call-to-action for society's individuals, organizations, and communities to educate each other on how to identify, address and prevent abuse so we can all do our part to support everyone as we age.
