

HEY

(Health, Education and You)

DRUG TAKE BACK DRIVE

THURSDAY, JUNE 13
11 A.M. - 1 P.M.

Make sure you are disposing of your unused medications properly!

- Medicines in the home are the leading cause of accidental poisoning.
- 4 out of 5 heroin users' addictions start with prescription pain killers.
- Flushed or trashed medicines can end up polluting our waters.

Medications to bring:

- Prescription medications, patches, and ointments
- Over-the-counter medications, patches, and ointments
- Non-aerosol medical sprays and vials
- Vitamins
- Pet medications

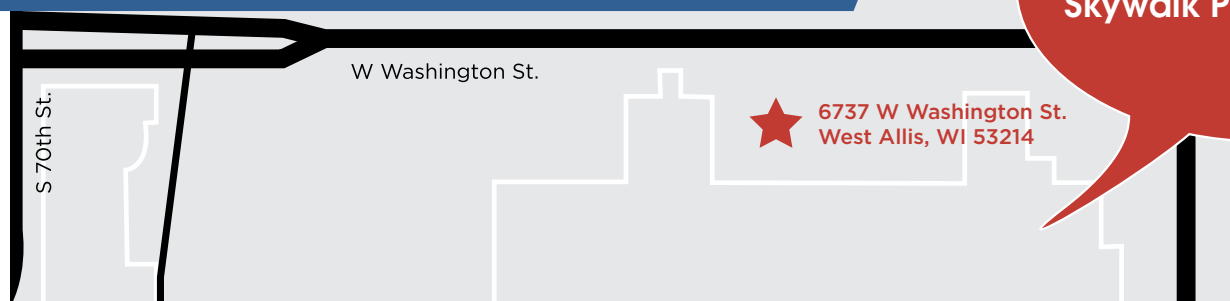

Medications not to bring:

- Illegal drugs
- Bio-hazardous material (containing a bodily fluid)
- Inhalers
- Aerosol cans
- Personal care products
- Household waste (paint, pesticides, oil, gas)
- Sharps

Make sure to remove pills from their bottles or packaging
and place them in clear, plastic bags for easy drop-off.
