

This Is More Than a Vehicle — It Is Care That Protects Lives

A letter of gratitude from the Maksymov Family to HART supporters.

Dear HART Mission and Partners

We sincerely thank you for the incredible blessing for our family — with God's help, we were able to purchase a 9-seater van. For us, this is not just support, but a true answer to prayer and a living testimony of God's love and care for our children.

"This is not just support, but a true answer to prayer and a living testimony of God's love and care for our children."

For the very first time, we were able to go to church together as an entire family, in one trip.

The Greatest Value: Safety

But for us, the most important thing is not even that. The greatest value is that now, during air raid alerts, we can quickly gather all the children and take them to a safe place.

📄 For parents in Ukraine, nothing is more important than the safety of their children.

We Tell Our Children About You

We tell our children about you — the people who made this possible:

Open Hands

People who keep their hands open

Genuine Care

People who truly care

God's Love

People through whom God shows His love and provision

Dreams for the Future

Thank you for your open hearts. We sincerely pray for you and your families.

"May the Lord bless you abundantly for your kindness, your compassion, and your willingness to help."

Our children are already praying for more trips together and even dream of one day going to the sea as a family. Because of your generosity, those dreams feel possible.

What This Gift Means

It is God's love. It is protection. It is hope. It is the opportunity to live and keep our children safe.

And for This

We thank you with all our hearts. Your kindness has changed our lives in ways that words can barely express.

With love, the Maksymov family
