**State Assessment Results Timeline:**

We have appreciated the support of parents and caregivers during the state assessment season here in Wisconsin. The School District of Wisconsin Dells utilizes assessment results to help us determine student progress in the state standards and to shape the direction of our overall instructional programs. Wisconsin and the Department of Public Instruction use the data as part of our accountability ratings and the school report card system (typically released late Fall annually).

As far as individual reports to families, 11<sup>th</sup> grade students who participated in ACT should have received individual score report in the U.S. Mail or online. Students in grades 3-10 who participated in Wisconsin Forward, Pre-ACT, or Dynamic Learning Maps can anticipate receiving individual score reports throughout the summer or early September.

Again, we appreciate the support of parents and caregivers and students should be commended for their efforts during the testing season!
