### MAKE A REFERRAL AND EARN UP TO \$1,000!

Full-time and part-time employees (outside of senior management, HR, or hiring managers/supervisors) can refer someone to Misericordia - just ask them to apply.

A successful referral can result in you earning up to \$1,000 over the course of the first year of employment for the referred employee - as long as YOU are in good standing. Further details regarding the Referral Bonus Program can be found on ADP or at HR.

### UPDATED EMPLOYEE ID PICTURE HOURS

[Click here](#) to see the latest drop-in hours for staff who have not taken their updated ID pictures in November and December. This is the last round of "drop-ins" that will take place and after the new IDs are created, any employee without a new ID will need to make an appointment with HR. There are currently 400 employees who have not yet taken a new ID picture. Supervisors and Directors will be sent an updated list of employees who are still in need of their new ID photos.

### COMMUNITY TRANSMISSION LEVELS

You may have noticed this week that the covid community transmission level for Cook County is Moderate (yellow). The surrounding counties continue to be Substantial (orange) and High (red). We also know that we continue to have covid and other respiratory illnesses within our immediate Misericordia community.

The community transmission level data is based on information gathered from lab-based tests. Due to the increased usage of over-the-counter tests, we feel this level is lower than what we are experiencing. For these reasons, we ask that all staff continue to wear surgical masks while working. McAuley will also continue to wear N95/KN95 masks.

This will be reassessed at the end of next week and further communication will be provided at that time. We will also ask our families and visitors to continue to wear masks.

Please see your supervisor if you have any questions.
