Would you like to help?

If you would like to help our charity by knitting and crocheting washcloths....we would love to hear from you! Let's give back to our community. We would love your help!

100% of your donation is used for supplies of yarn and soap. For every dollar donated, one washcloth and one bar of soap is given to someone in need. Everyone deserves a clean start! We are blessed to support our local organizations such as Reach, The Salvation Army and The Rescue Mission. Helping our local community is our goal!
