

# Académie Lafayette

School Year 2020 - 2021

Dear AL Families,

As part of DESE protocol, this is the letter of introduction as the Homeless/Foster Liaison from your school counselor/social worker.

I am the homeless and foster liaison for Academie Lafayette. As part of the Every Student Succeeds Act (ESSA), I work to help students at our school who are homeless and those in foster care. I help students connect with beneficial services at school and in the community.

In the case of homelessness, some services that a student could benefit from are; immediate school enrollment, immediate transportation, free or reduced lunch, as well as community services. Please click the link for the Homeless flyer to find out more about student eligibility for services and support under the McKinney Vento Homeless Education Act.

Here are some flyers with more information about McKinney Vento.
