

CT Faceplates

At the work area, Siemon CT faceplates offer a sleek, clean appearance for mounting CT couplers. Designation labels cover the mounting screws (included) and provide ample circuit identification.

Write-on circuit designation labels

Protected by clear plastic cover conceal the mounting screws

Faceplates and CT couplers

Are available in a wide range of colors. Stainless steel versions are also available

UV resistant, high impact plastic

Prevents color fading and provides added durability

Sheets of designation labels

Can be ordered for use with desktop printers

Couplers

Can be easily snapped out of the front of the faceplates, making moves, adds, and changes quick and easy

Cutouts

Allow couplers to pass through plates enabling mounting of faceplates after cables are terminated

Faceplates

Include quick pressure-release designation label covers for quick, tool-less removal

Ordering Information:
