

UPDATED: 05/05/2020

This map identifies the California counties where performing real estate services in accordance with the California Association of Realtors Guidelines for Real Estate Best Practices During COVID-19 are believed to keep the agent within the boundaries of the current county and state ordinance. These ordinances do change quickly and the information contained herein is not guaranteed. Activities should not be based on this graphic, rather upon actual independent verification of current state, county, and local ordinances.
