

WHAT I STAND FOR

- Respecting the Urban Development Boundary
- Listening to neighbors and safeguarding quality of life
- Fact- based decisions
- Protecting and preserving agriculture and green spaces
- Smart development
- Truly affordable housing consistent with the neighborhood and only where there is adequate infrastructure

QUICK BACKGROUND

- Retired U.M. Biologist, former elected Chair of the Faculty Senate (for multiple terms); the James W. McLamore Outstanding Service Award
- Former law enforcement officer
- More than 40 years farming in the Redland; Green Groves Organic Farm
- Past President and current Board member of the non-profit Tropical Fruit Growers of South Florida, Inc.
- Extensive community and board service on governmental bodies (Federal, State, and local) and for non-profit organizations
