

TRI-RIVERS OPENING & CLOSING CONTEST

On Wednesday October 16th, Mrs. Marchy's Leadership and Intro to Agriculture Education classes had the chance to go and judge the Tri-Rivers Opening and Closing contest. At the contest, we assigned a classroom and were responsible for judging and scoring the FFA members on their official dress, memorization and presentation of the opening closing ceremonies. There were three different categories, Advanced, intermediate and Novice. Each were scored similarly, but also different depending on which category they were in. Judging at the opening closing ceremonies was a great way for us as MJC students to recruit new students, serve the community, as well as gaining experience for our future careers. Overall it was a great experience and we look forward to judging this upcoming year!
