

# POST-KIDDUSH CHABURAH WITH RABBI BOLTON

## PESAH LECTURE: CREATURES, CAPS & BOTTLES

Saturday, April 4, following kiddush

Join Rabbi Bolton after kiddush as he explores the creatures mentioned in sacred sources and their appearances on every day and sacred vessels and dishes throughout history.

*This annual lecture is in memory of Rabbi Bolton's father, Stewart Bolton, z"l, who was a packaging engineer and designer and taught at Rutgers University School of Packaging Engineering.*
