

# WEBINAR:

## Impactful Transit Agency and University Collaborations

Tuesday, November 5 @ 11am PST/Noon MST/1pm CST/2pm EST

### OVERVIEW:

How can we develop the skillsets of our future transit workforce while improving day-to-day operations? This webinar highlights successful collaborations between transit agencies and university students and faculty that accomplish both goals. Speakers will showcase collaborations that engage students in diverse transit-focused projects, providing students the opportunity to develop and apply knowledge to authentic problems in a real context, while providing agencies with fresh new ideas and focused energy on a task or issue.

### TOPICS:

**Shaping the Future Skills  
Needed to Overcome Challenges**

**Building Partnerships that Work
