

After School Enrichment Programs

Program Information

Extend the learning adventure with our dynamic after school programs at Nysmith. Operated by trusted third-party vendors, these programs from 4:00 PM to 5:00 PM offer a diverse range of activities to further enrich your child's education. From creative arts to innovative tech workshops, our after school programs provide a platform for students to explore their potential beyond the regular school day. Join us as we partner with expert instructors to make the most of these valuable afternoons.
