# PRESIDENT'S MESSAGE

BY BRADLEY L. EAST, M.S., P.E.

One of the best parts about May is that we get to welcome in our newest class of Civil Engineers. I would like to start this month off by congratulating all of the recent college graduates as well as the newest group of Professional Engineers.

The ASCE Texas Student Symposium was recently held on April 9, 2021. The ASCE Student Chapter at the University of Texas hosted the event. I would like to thank everyone involved in the Planning Committee at both the Texas Section and UT Austin for coordinating and organizing this wonderful event. I would also like to give a big shout out to Steve Zobal and Jane-Ellen Carter for coordinating the technical and soft skill seminars. Y'all did an amazing job!

The City of Austin is conducting a Disparity Study to examine its contracting practices and review its M/WBE Program and DBE Program for FAA-funded contracts. This is an important effort for understanding the experiences businesses are having contracting with Travis County. The study is seeking to hear from a broad cross-section of firms that includes prime contractors, sub-contractors, certified and non-certified businesses that have done work or potentially could seek work with Travis County. This is an online survey that can be accessed via the following link: <https://www.surveymonkey.com/r/DYN3WSF>. If this is applicable to you or your firm, I encourage you to participate.

May is also the start of planning for the coming year! The Nominating Committee for ASCE Austin Branch is putting together our slate of officers for the June election and we will be holding elections for the following board positions this year:

- VP Programs
- Secretary
- Treasurer-Elect
- Communications Director
- Younger Member Director

We also have a number of Committee Chair positions open. If you are interested in running for one of the open positions or hearing more about the Committee Chair positions we have open, please reach out to Travis Isaacson at [tisaacson@rios-group.com](mailto:tisaacson@rios-group.com).

Follow us on Facebook, Linked In and Instagram for event recaps, upcoming events, relevant news, and updates. Thank you for everything you do to support ASCE!

Bradley L. East, M.S., P.E.

## CALENDAR OF EVENTS

**MAY 2021**

- |      |   |
|------|---|
| 5/11 | YMF Technical Seminar                             |
| 5/12 | EWB General Meeting                               |
| 5/14 | Texas Section Networking Shuffle Registration Due |
| 5/15 | ASCE Texas Section Award Nominations Due          |
| 5/18 | ASCE Austin Branch May Meeting                    |
| 5/21 | TSPE Engineer's Banquet                           |

# MAY BRANCH MEETING

BY PAUL HAHN, P.E.

## REGISTRATION REGISTER BY 5/18 AT 12PM

- ▶ **DATE** | 5/18/2021, 11:30am - 1:00pm
- ▶ **LOCATION** | Zoom Virtual Meeting
- ▶ **LINK** | [Click here to register](#)

## MEETING TOPIC 2021 TEXAS SECTION GOVERNMENT AFFAIRS UPDATE

Please join us for our May virtual branch meeting. We will receive an update on the Texas 2021 Legislative Session from Austin Messerli, PE, with K Friese and Associates.

## MEET THE SPEAKER: AUSTIN MESSERLI, P.E.

Austin Messerli is a Professional Engineer with K Friese & Associates. Originally from Oklahoma, he earned both a bachelor's and master's degree from the University of Oklahoma. He relocated to Central Texas over two and a half years ago and happy to call it home. He has over seven years of experience with Municipal, County, and DOT transportation projects across Texas, Oklahoma, and the surrounding States. The most exciting part of this work is seeing all the various components of transportation projects come together to form a positive and lasting impact on the public.

Austin is an active member of ASCE, first participating in the University of Oklahoma Chapter, in which he eventually became president, then holding various positions professionally across Oklahoma and Texas. Currently, he serves as Austin Branch Government Affairs Chair and Texas Section Government Affairs Co-Chair. Previously, he helped Chair the Highway and Roads Committee and assisted the Parks and Rec Committee of the 2021 Texas Infrastructure Report Card, and participated in the National Legislative Fly-In, the Texas State Drive-Ins, MLRC, and student mentoring programs for UT.

## THANK YOU TO THIS MONTH'S SPONSOR!

With \$13 billion in revenue and a talent force of more than 55,000, Jacobs provides a full spectrum of professional services including consulting, technical, scientific and project delivery for the government and private sector around the world.

Consistently ranked by ENR in the top two firms for Bridges, Highways, Airports, Mass Transit, Rail and Ports Facilities, Jacobs is a leader in the Civil Engineering industry.

We help our clients move people, goods, and freight over land, through the air, across the sea, underground and even through mountains. We provide solutions to plan, develop, finance, design, construct, maintain and operate transportation infrastructure connecting people and communities around the world.

Jacobs brings value through cost-effective solutions and services ranging from transportation planning, design, engineering, and construction management to land development, environmental permitting and support with innovative financing measures and public-private partnerships.

At Jacobs we are Challenging Today and Reinventing Tomorrow.

# Jacobs

## OUTREACH COMMITTEE UPDATE

BY AYAH ALOMARI, E.I.T.

### ***UT VACCINE CLINIC NEEDS VOLUNTEERS!***

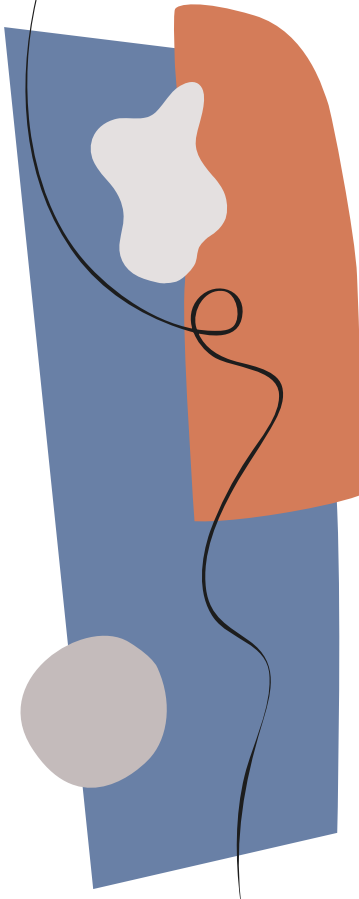

UT Austin Vaccine Clinic has been doing a tremendous job with distributing vaccines and being one of the largest distribution sites in Austin. They need volunteers!

You do not have to be UT affiliated to volunteer. They are asking volunteers to work in shifts of 7am-12pm and 12pm-4pm any day of the week at Gregory Gym on UT campus. You do not need to have any technical medical skills to register to volunteer.

Do your part and get the city of Austin vaccinated! Sign up here: [UT COVID Vaccine Clinic Request to Volunteer](#).

# CONGRATULATIONS TO OUR SPRING SCHOLARSHIP RECIPIENTS!

BY LAURA FRIELLO & ANDREA BRYANT

## MEGAN WESTHOFF | \$3,000

Megan is a third-year civil engineering student who graduated high school for Chisholm Trail high school in 2018 up in Fort Worth.

She is currently serving as UT Austin's ASCE student chapter president.

Megan has been involved in ASCE since her freshman year in various positions including the Design Competition Lead last year.

Megan already has internship in construction lined up for this summer and looks forward to being involved in ASCE throughout her career.

## CHRISTIAN DOUGLAS | \$2,000

Christian is a third-year honors student from Pflugerville, Texas double majoring in Civil Engineering and Economics at the University of Texas at Austin.

At UT, Christian is a McNir Scholar involved with the American Society of Civil Engineers, Chi Epsilon Civil Engineering Honor Society, Omicron Delta Epsilon Economics Honor Society, the National Society of Black Engineers, Pi Sigma Pi Minority Academic Engineering Society, and the Longhorn Band.

His civil engineering interests lie in transportation design, a field where he has interned with Freese and Nichols, Inc. for two years, and he currently conducts research in Austin transportation networking and optimization.

After graduation, he plans to pursue a graduate degree in Transportation Systems Engineering then stay involved with ASCE through industry.

# TEXAS SECTION YM NETWORKING SHUFFLE

BY SEAN MERRELL, P.E., ASCE TEXAS SECTION PRESIDENT

## ASCE Texas Section Younger Member Networking Shuffle

REGISTER BY MAY 14.  
PAIRS WILL BE ANNOUNCED ON JUNE 1.

Presented by  
ASCE Texas Section's Younger Member Committee

### WHAT IS NETWORKING SHUFFLE?

It's being paired with one of your fellow ASCE Texas members to virtually meet, chat and get to know one another. It's a simple, but powerful way to bring people together and create new connections. This program aims to foster better connectivity and new relationships between our various ASCE Texas branches.

### HOW DOES IT WORK?

Click the link above to sign up now, and complete the sign-up form by Friday, May 14th, 2021. Each quarter you'll be matched with someone outside of your branch/ discipline based on your interests and invited to get to know one another. You will receive your first pairing on Tuesday, June 1st, 2021 and will have to meet up virtually on your own time before the next quarter. Enrollment will not be continuous, so be on the look out for each quarters enrollment notification.

WANT TO KNOW MORE ABOUT NETWORKING SHUFFLE?  
Contact us at [ymnetworkingshuffle@texasce.org](mailto:ymnetworkingshuffle@texasce.org)

# ASCE TEXAS SECTION UPDATE

BY SEAN MERRELL, P.E., ASCE TEXAS SECTION PRESIDENT

## RAISE YOUR HAND FOR EXCITING VOLUNTEER OPPORTUNITIES

Volunteering at a local or state level is a great way to give back to your profession and community, network outside your sphere, and share or gain invaluable leadership experience. To explore opportunities within the Texas Section, visit [www.texasce.org/resources/volunteer/](http://www.texasce.org/resources/volunteer/) or contact a Branch leader for local opportunities. All members are encouraged to raise their hand to volunteer today – both long- and short-term commitment options available!

## NOW ACCEPTING NOMINATIONS FOR ASCE TEXAS SECTION AWARDS

ASCE Texas Section is now accepting Award Nominations for 2021. Awards will be presented during the CECON Gala on September 16, 2021.

Help ASCE Texas Section recognize civil engineers for their technical and leadership efforts as they build better communities across the street and around the world. Nominate a member by May 15, 2021! Learn more here: [www.texasce.org/resources/history/awards-honors/](http://www.texasce.org/resources/history/awards-honors/)

## SAVE THE DATE FOR ASCE TEXAS CIVIL ENGINEERING CONFERENCE 2021

Join us for [ASCE Texas CECON](#) this September in San Marcos as we discuss the future of sustainability and learn from industry experts.

Save the Date: September 15-17, 2021.

Sponsorship, Exhibitor, and Program details coming soon!

## TEXAS CIVIL ENGINEER: INTERESTING ARTICLES

# TSPE ENGINEERS BANQUET

BY KRISTEN VAN HOOSIER, P.E.

**NSPE-TX** TRAVIS CHAPTER  
TEXAS SOCIETY OF  
PROFESSIONAL ENGINEERS

## SAVE *the* DATE

### 2021 ENGINEERS BANQUET

- 📅 \*MAY 21, 2021
- 🕒 11:30 a.m. – 1:00 p.m.
- 💻 Microsoft Teams Live – *stay tuned for link*
- 🗣️ Highlight: A panel discussion on Project Connect featuring...
  - City of Austin Mayor Steve Adler
  - Randy Clarke, CapMetro President/CEO
  - Travis County Judge Andy Brown
  - Moderated by Samuel King, KSAT Traffic Anchor
- 🍽️ Grubhub credit provided – support local restaurants!

\*Due to the pandemic, the banquet has been moved from the traditional February date to May and will be a virtual event.

More details about the event can be found here: [www.tspetravischapter.org/engineers-week-banquet](http://www.tspetravischapter.org/engineers-week-banquet)

Buy event tickets here: [www.tspetravischapter.org/copy-of-engineer-s-banquet-tickets](http://www.tspetravischapter.org/copy-of-engineer-s-banquet-tickets)

## EWRI UPDATE

BY TRAVIS KAATZ, P.E.

Congratulations to the EWRI 2021 Student Scholarship Recipients! The EWRI Austin Chapter is proud to announce the award of seven (7) student scholarships for 2021. Thank you to our previous year workshop sponsors and attendees for their contribution and support of this program. We look forward to the recipients' future in sustainability and environmental/water resources.

### High School Recipients:

- Cadence Russell
- Quinlan McLemore
- Allison Thompson
- Melissa Richardson

### College Recipients:

- Shantika Ramsingh
- Bela Gadgil
- Samantha Marien

The EWRI Annual Continuing Education Workshop will be held on Friday, July 30th at the Renaissance Hotel and the workshop them is Resiliency. EWRI is planning for both virtual and in person attendance. For those interested in attending, please fill out oUr survey so we can gage preference on attending in-person vs virtually.

You can find the survey here: <https://forms.gle/Z2CiW4o1m33qghwq5>

## YMF UPDATE

BY KATHERINE SMITH, EIT

### 2021 YMF GOLF TOURNAMENT

The annual ASCE YMF Austin Branch Golf Tournament will take place on Friday, July 30th, 2021.

This event is one of the organization's largest fundraising efforts. Participants of the event include members representing local and national engineering firms, public agencies, suppliers/vendors, contractors, and developers. This year's proceeds will be utilized to help fund various ASCE programs, including scholarships and a donation to Sammy's House ([sammyshouse.org](http://sammyshouse.org)).

Thank you to those that registered or expressed interest last year and stayed with us as we changed the date of the tournament and eventually cancel, due to the pandemic. We have high hopes this year we will be successful in hosting the tournament and we hope to see you all there!

Sign-up/RSVP here: [https://www.planmygolfevent.com/35713-2021ASCE\\_YMF\\_TOURNAMENT/](https://www.planmygolfevent.com/35713-2021ASCE_YMF_TOURNAMENT/)

### YMF SPRING TECHNICAL SEMINAR

YMF hosted their Spring Technical Seminar on Wednesday, May 12th. Dulce Trejo presented on Foundation Movement: Causes and Effects and Chelsea Burkett presented on Austin ISD Bond Program Projects.

### YMF SCHOLARSHIP

YMF received 33 applications for our 2021 scholarship! The scholarship recipients will be announced at the ASCE May Luncheon.

## EWB-AUSTIN UPDATE

BY JENNA GARDNER, P.E.

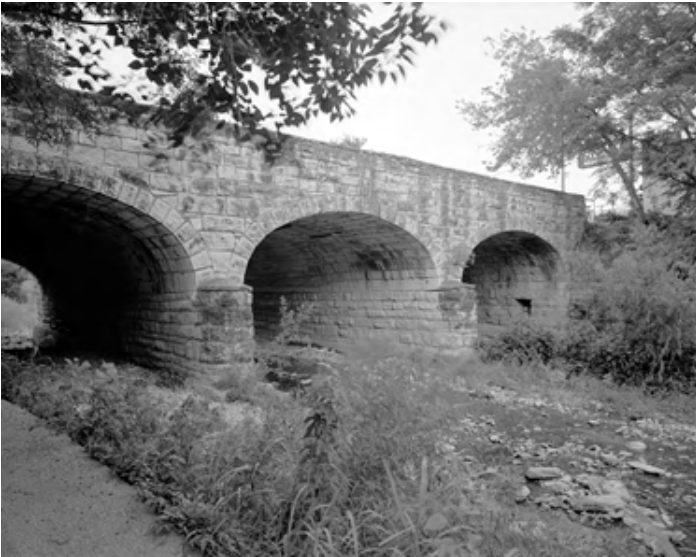

The Greater Austin chapter of Engineers Without Borders met on Tuesday, May 11th for their virtual General Meeting! If you are interested in attending next month, please contact Jenna Gardner for the meeting information, [operations@ewbgrateraustin.org](mailto:operations@ewbgrateraustin.org).

# AUSTIN'S FIRST STONE ARCH BRIDGE AT SHOAL CREEK

BY ASMITA RAUT

Being a part of History and Heritage committee, we are always in search of old monuments and historically significant structures in Austin and nearby areas.

For this month's newsletter, I am excited to write about one of the historical icons, the very first bridge known as West Sixth Street Bridge, located across Shoal creek.

The West Sixth Street Bridge (historically known as Pecan street bridge) is a historic stone arch bridge in downtown Austin, built in 1865 by United States Army. At first, it was a narrow iron foot bridge which could not carry the wagon load.

Due to increase in traffic demand, it was then reconstructed as permanent double-arch stone bridge in 1887. Today, the bridge still carries West Sixth Street across Shoal Creek and supports substantial pedestrian and vehicular daily traffic.

This bridge retains a high degree of integrity and is nominated to the National Register under Criterion C in the area of engineering, at the local level of significance, and an excellent example of a multiple-arch masonry bridge built with local material. The bridge also meets Criterion A in the area of Community Planning and Development as a structure that reflects the establishment of ambitiously wide arterial streets in the City of Austin in the mid-19th century, as well as the city's substantial investment in road infrastructure to encourage expansion beyond the original city plan.

The West Sixth Street Bridge is a closed spandrel deck arch bridge built of local limestone. It is 90 feet long and 80 feet wide. Its unusual width, reflecting that of Pecan street, was established by Edwin Waller's original 1839 Austin master plan. The bridge spans Shoal Creek with a series of three voussoir\* arches, each 24 feet wide at the base. Two central piers, each 4 feet thick, stand directly in creek bed on stone footing resting on bedrock. The stonework is of irregular shaped rusticated blocks, which rise to form a parapet along the bridge's south edge. It is believed that the bridge has gone through numerous repairs due to frequency and severity of flooding by Shoal creek without any significant alteration except the loss of northern parapet end.

Today the structure carries a concrete roadway surfaced in asphalt concrete, bearing four roadway lanes, along with parallel parking spaces and sidewalks on both sides. Indeed, the bridge is an excellent example of early-twentieth-century urban planning in Texas's growing capital city and historic pride for Austin.

---

\* A voussoir (/vu'swa:r/) is a wedge-shaped element, typically a stone, which is used in building an arch or vault. Although each unit in an arch or vault is a voussoir, two units are of distinct functional importance: the keystone and the springer. The keystone is the centre stone or masonry unit at the apex of an arch. The springer is the lowest voussoir on each side, located where the curve of the arch springs from the vertical support.

Sources: [https://en.wikipedia.org/wiki/West\\_Sixth\\_Street\\_Bridge](https://en.wikipedia.org/wiki/West_Sixth_Street_Bridge) | <https://www.nps.gov/nr/feature/places/14000499.htm> | <http://www.austintexas.gov/edims/document.cfm?id=290133>

Although most are working remotely, the Structural Engineering community has continued to move forward. At SEI, we continue to work to advance and serve the Structural Engineering profession, we are working with health professionals to determine when it is appropriate to do so in person. In the meantime, we will continue striving to be your resource and guide for staying connected virtually to the structural engineering community. Following is information on our Professional Meetings, Structural Engineering Talks (SET) and on-line resources to help you make the best use of your screen time.

## MAY PROFESSIONAL MEETING

The May meeting featured Dr. Petros Sideris, Ph.D. from Texas A&M University. Dr Sideris discussed the concept of using bridge columns with hybrid sliding-rocking (HSR) joints in seismic areas. The HSR bridge columns are innovative posttensioned precast concrete segmental columns with end rocking joint and intermediate sliding joints patterned after human limbs. The HSR Columns presentation will include basic concepts, response mechanisms simulation strategies and large-scale testing findings. Additional information can be found in the SEI e-blast or at the following website: [www.austinasce.org/sei](http://www.austinasce.org/sei).

## STRUCTURAL ENGINEERING TALKS (SET) 2021

Planning continues for SET 2021. As Texas continues to open up and get back to in-person activities, we are watching closely for the right time to hold SET 2021 in person. Updates and all available information will be maintained at <https://www.austinasce.org/sei/set>

## ADDITIONAL ONLINE OPPORTUNITIES

### 1. SEI Structures Virtual 2021 Conference

Join live, virtual conference June 2-4, 2021. For more info see [technical program](#). You will need to [register here](#).

### 2. New SEI Standards Series

**SEI  
STANDARDS  
SERIES**

Join live, virtual sessions for exclusive interaction with expert ASCE/SEI Standard developers on state-of-the-market updates. Participants will learn about technical revisions and review a design example. Attendees are encouraged to join and participate in Live Q&A. REGISTER NOW at <https://cutt.ly/9hQDTEo>

### 3. SEI Structures 2020 Virtual Event

This recording is free and open to all. It features content on Generations@Work, Confidential Reporting on Structural Safety CROSS-US, and Performance-Based Design taken from the canceled 2020 Structures Congress. View the recording [here](#).

### 4. SEI Structures Congress 2020 Proceedings

This site provides access to the papers that were to be presented at the 2020 Structures Congress. View the papers [here](#).

### 5. ASCE Collaborate

This is a [collaboration page](#) normally reserved for ASCE members but now open to all. It contains several events that can be joined. Most events are free of charge.

Although we've not been face to face, you can stay plugged into the SEI Austin Chapter via our website, where you'll find the latest and greatest on upcoming events. We always welcome your thoughts on future technical presentations and other special events – particularly during these challenging times. If there is something you would like to do, then we would like to hear about it. Please drop us a line at [sei@austinasce.org](mailto:sei@austinasce.org).

# SPONSORSHIP OPPORTUNITIES

SPONSOR THE ASCE AUSTIN BRANCH FOR 2021!

BY AUSTIN HELTON, P.E.

We ask that all members consider supporting your local ASCE branch during these uncertain and difficult times. Almost all the functions of the organization are dependent upon these sponsorships and we cannot do all the great things that we do, without YOUR SUPPORT!

For more information about the benefits of sponsorship visit [www.austinasce.org/sponsors](http://www.austinasce.org/sponsors).

If you have any questions or for more information please email [sponsorship@austinasce.org](mailto:sponsorship@austinasce.org).

## SPONSORSHIP OPPORTUNITIES

### \$300 | ANNUAL SPONSORS

- Valid for 1 Year after date of purchase.
- Company logo is displayed on newsletters, mailers, and at ASCE branch meetings.
- Free postings on the ASCE job board.

### \$350 | MONTHLY BRANCH MEETING SPONSORS

- Company highlight in event promotion emails.
- Special recognition at branch meeting event.
- Opportunity to give a brief introduction of your Company during the event.

### \$300 | CONTINUING EDUCATION EVENT (2021)

- Company highlight in event promotion emails.
- Several additional levels of sponsorship available.

### \$850 | SPECIAL BUNDLE RATE

- Save \$100 when you pledge to support all three!
- Includes Annual Sponsorship
- Includes one credit for monthly branch meeting sponsorship.
- Includes sponsorship at Continuing Education event.

## THANK YOU TO OUR SPONSORS!
