

# CASE FINANCIAL HELP DESK

*Your guide to upcoming compliance regulations and their effect on financial institutions.*

## CRUCIAL COMPLIANCE DATES FOR YOUR ATMs

DECEMBER  
2018

General support of Personas ATMs with APTRA XFS 06.03 will end as of December 2018.

On January 14, 2020, Microsoft will stop supporting Windows 7. This means that Microsoft will no longer provide security updates, application patches or technical support for ATM deployers running Windows 7.

As a result, Windows 7-based ATMs are at high risk of not being PCI DSS (Payment Card Industry Data Security Standard) compliant. PCI DSS requires ATMs to be updated with vendor-supplied security patches to protect systems from known vulnerabilities.

### 5 step process to Windows 10 Migration

Step 1

Engage now with Case Financial to start conversations of the way forward

Step 2

Work with Case to define an overall strategy

Step 3

Audit and assess ATM network

Step 4

Define an implementation and migration plan

Step 5

Pilot and deploy

\*ATM assesment may include scan for vulnerabilities such as skimmers and jackpotting

APRIL  
2020

If not upgraded to Edge 7.0, Pin Entry Device EPP3 will go out of compliance in April 2020. After this date, it will not be possible to purchase a SHA-1 capable PIN pad.
