Two scholarships of \$3500 will be awarded to individuals who are entering or already enrolled in a post-secondary school in a science, technology, engineering, or mathematics (STEM) related field.

A \$3500 scholarship will be awarded to a girl/young woman enrolled in or applying for post-secondary school STEM program. Preference will be given to a recipient that previously participated in the Girls Inc. of Northern Alberta Operation SMART program and lives within the Regional Municipality of Wood Buffalo at the time of application.

Another \$3500 scholarship will be awarded to an Indigenous girl/young woman or someone with deep involvement in Indigenous communities enrolled in or applying for a post-secondary school STEM program. Preference will be given to a recipient who participated in Girls Inc. of Northern Alberta Operation SMART program and lives in the Regional Municipality of Wood Buffalo at the time of application.

Both awards are given based on the financial need, academic achievement, extracurricular activities/ community involvement as well as demonstrated interest and passion in STEM careers.

The awards are available for all STEM related fields so long as the applicant demonstrates how they utilize STEM to break gender stereotypes.
