

## Behavioral Health during COVID-19

Vulnerable Populations  
Lunchtime Series

via Zoom

## AHA Behavioral Health: Vulnerable Populations Lunchtime Series

For 4 consecutive Wednesdays AHA will host a lunchtime webinar discussing issues around Behavioral Health in vulnerable populations during the current environment of the coronavirus. Stay-at-home rules, job loss or uncertainty, fear of disease, and more can seriously disrupt people's lives and support systems right now. Come join the discussion for the next 4 Wednesdays!
