A screenshot of the login page. The page is titled "Log In" and says "WELCOME BACK TO MIGHTYCAUSE". It features buttons for "FACEBOOK LOGIN" and "GOOGLE LOGIN". Below these are input fields for "Email" and "Password", with a "Forgot?" link next to the password field. A "LOG IN" button is present, and a "Sign Up" link is circled in red.

3. Then, select what email account you wish to use for signing up (or you can use your Facebook account):

7. Read the guides and instructions for setting up your page (note the dark grey horizontal bar on the left side of your screen with icons on it)

8. Make sure to change the Fundraiser title, add a photo, and set a \$\$ fundraising goal by clicking on each of the circled areas below:

9. On the vertical dark grey bar, click the icon that looks like a rocket to “publish” your page:

10. At this point you may get a notification that you have a couple of steps to complete – follow the instructions, making sure to log into your email account that you used to set up your page so that you can click on a verification email that was sent to you.

11. After going to your email tool (gmail, Comcast, Hotmail, yahoo, etc), and then clicking on the link in the verification email that mightycause sent you, you’ll be taken back to your fundraising page. Again, go to the dark grey bar on the left side of your screen and click on the rocket icon. (If you still have to compose a description – you can do so at this time – type something in the box and then click around on the page to submit it)

12. Once everything is done, and you clicked the publish icon, you’ll get a message to confirm that you wish to publish it (click the green PUBLISH button):

13. You'll then get a notification that your fundraiser event is live – click the “View Your Fundraiser” button to check it out.
