

Thank you

Educational Goals: I want to get a higher education in order to be successful in life and career. I want to get a good, high-paying job that will allow me to secure the future of my children. I also want to show and prove to my children that this is possible at my age.

Career Goals: I dream of getting a higher education in the field of automotive engineering. I want to be an engineer, design new cars, and develop new engines. My main life goal is to develop the most fuel-efficient engine for a car, but at the same time, this engine must be powerful. I am already working in this direction, but I lack the necessary engineering knowledge.

ARC Sacramento Valley Region - Porsche Club of America Scholarship

2026 Recipient

Dear Sacramento Valley Region - Porsche Club of America,

I would like to sincerely thank you for selecting me as a recipient of the ARC Sacramento Valley Region "Porsche Club of America Scholarship. Receiving this scholarship means a great deal to me and my family. Your support helps reduce the financial stress of attending college and allows me to stay focused on my education and future goals. I truly appreciate your generosity and your investment in students like me who are working hard to build a successful future.

I am currently studying at American River College and working toward my educational and career goals. My program has helped me develop technical skills, responsibility, and confidence for my future career. After completing my studies, I plan to continue building my experience in the automotive and technical field and continue my education as needed. This scholarship motivates me to keep pushing forward and reminds me that people in the community believe in students who are dedicated to improving their future.

Thank you again for your kindness and support. I am very grateful for this opportunity and honored to receive your scholarship. Your generosity will have a positive impact on my education and future career, and I sincerely appreciate your contribution to my success.

Sincerely,

Yevhen Varlan
