

Enhancing Member Value

Exclusive Access to Benefits and The Bulletin

By: Nadine Popovich – VP of Membership & Association Services

As part of our continued commitment to enhancing the membership and ensuring the integrity of the benefits we provide, the Allegheny County Medical Society is introducing members-only access to certain resources, including:

- **Member Benefits & Discounts**
- **The Digital Edition of The Bulletin**

These offerings will soon be housed behind a secure, members-only section of the ACMS website.

Why the Change

Over the years, ACMS has built a suite of valuable member benefits—ranging from exclusive discounts with local and national partners to physician-driven content in The Bulletin. These resources represent real value in terms of cost savings. To preserve and protect that value, we believe it is essential to limit access to those who have made a commitment to the Society through their membership.

By securing these benefits, we ensure fair and exclusive access for our dues-paying members; enhance the credibility of our partnerships with benefit providers; reinforce the professional value of being part of a respected medical society and protect the integrity of our original content, created by and for local physicians.

What to Expect

- By August 1, all members will receive a unique username and password to access the secure members-only section. Members will have the option of changing their password after they establish their account.
- Easy-to-follow instructions will be included to guide you through the login process.

The August Bulletin will include instruction on how to access the members-only section, using your email, and will include screen shots as a guide.

Assistance with creating your account is a phone call or email away. Should you have questions or issues when you create your account, please contact Haley Thon at hthon@acms.org or to 412.321.5030 x105

By taking these steps, we are strengthening the value of membership while continuing to support the physicians of Allegheny County with the tools, community, and advocacy they deserve. In the coming months, we look to expand our benefits page with new benefits and discounts. Thank you for being a valued member of ACMS. We're excited to continue providing you with high-quality, exclusive member resources and support.
