ALLEGHENY COUNTY MEDICAL SOCIETY FOUNDATION

MISSION

Founded in 1960, the Allegheny County Medical Society Foundation has extended the reach of physicians into the community through grant giving to local organizations.

The mission of the Foundation is: **Advancing Wellness by confronting Social Determinants and Health Disparities.** This mission works to fulfill an overall vision of a healthy and safe Allegheny County.

Throughout the ups and downs of the past few years, the Foundation's work has become even more important in supporting local non-profit organizations.

The desire to give back to the community is an inherent trait of those who become physicians. In past year's the ACMS has hosted an annual gala to help raise funds to support the Foundation. Due to COVID-19, just like many other organizations, the ACMS had to forego the in-person gathering. While we look forward to hosting a Foundation fundraising event in the near future, the work of the Foundation continues on. Please consider how you can personally help support the Foundation and, in turn, continue to support a healthy region.

Contact the ACMS team to learn more about how your organization can help support the ACMS Foundation.

As physicians, you know that it takes a village to keep the community healthy and safe. As we approach the holiday season and you are considering ways to give back, please consider a donation to the Allegheny County Medical Society Foundation.

Your donation will help the Foundation fund local non-profits in future grant cycles, and will help further the mission of the ACMS Foundation.

Donations can be mailed to:
ACMS Foundation
850 Ridge Avenue
Pittsburgh, PA 15212
