

INTRODUCING THE

InDEEP

INITIATIVE

Inclusion, Diversity, and Equity
in Environmental Philanthropy

InDEEP is supported by environmental grantmakers who want to create a space for diversity, equity, and inclusion (DEI) learning and skills development. Its goal is to support the sector as it transitions to more racially equitable and culturally competent investments.

InDEEP will engage funders in a series of activities to inspire, nurture, and nudge deeper alignment between practices in the field and demographic and societal realities.
