

**EDINA HIGH SCHOOL**

# Students Against Destructive Decisions (SADD)

## ONGOING MEETING SCHEDULE

**Students Against Destructive Decisions (SADD)** has a mission to empower young people to successfully confront the risks and pressures that challenge them in their daily lives. Youth-led chapters are formed by students in schools and community organizations and have one or two adult advisors who provide oversight and guidance.

SADD provides prevention tools to help teens reach out to their peers about critical everyday issues: underage drinking and drug abuse, risky, distracted, and impaired driving, teen violence and suicide. SADD will work on projects to increase education, awareness and prevention efforts and will be student driven. Creatives and the social media savvy needed!

**WHEN? EVERY Thursday during Flex period**

**WHERE? Student Services Office (Social Work Group Room).**

**Meetings will start on Thursday November 29th.**

**There is no need for sign up**

**Simply arrive at the beginning of Flex Period!**
