

This year has been an exciting year at Amos Productions. Jody Amos has lead his team of award winning DJ's/MC's, Videographers and A/V Techs to the top and in turn his company has become well known throughout the community and across the bay area. We are very involved in the Livermore Valley Community, from Chamber of Commerce events and School Gala's, to Community Center activities and private fundraisers for non-profits. Amos Productions plays an active role in assisting the local community where we can and we enjoy meeting new faces each day.

This year we received the 2017 Pick "Best of Weddings" award from the Knot, as well as the 2017 Bride's Choice award from Wedding Wire, and can be found highly recommended on Yelp. We are so grateful to be working at such amazing venues with our clients and to be held at such a high regard by these clients and top industry professionals. We are so honored, thank you!

At the beginning of the year we were excited to introduce our new AmosPro Van to the streets, have you seen us? If you see our AmosPro Van, take a picture and post it to our Facebook page, we would love to hear from you! We are also excited to introduce our new DJ Profile Videos. Though this is still a work in progress, we have completed a handful and are working on several more. Make sure to check them out! Aside from our hundreds of wedding events this year, our corporate entertainment and audio-visual services have expanded. We not only specialize in these full service corporate events, but we lead the production aspect of the show, whether it be a company conference, award show, holiday party, meeting or a kick-off celebration. Amos Productions knows what it takes to deliver a successful event and we are here to assist you in doing just that.

Additionally, we'd like to officially introduce AmosPro Studios. AmosPro Studios creates dynamic videos for some of the Bay Area's most reputable companies. We have traveled across the country to create commercials and promotional videos for these clients. We just completed a project for Moet-Hennessy's national sales team and are working with Wente on creative videos for their upcoming wine releases. We also created San Ramon's 150 Campaign videos for their 150 year celebration. It's been a busy year! Our team of writers, directors, producers and cinematographers are here to assist you in any type of video production you may need. Some of our specialties include promotional videos, commercial videos, college creatives, aerial videography, music videos, event videos and conference videos. Our team is here to work with you on your video production needs, no matter what your vision may be.

Amos Productions is a team of dedicated individuals ready to assist you in producing your next event. We not only offer DJ/MC services to wedding clients or corporate events, but we provide a vast array of lighting, photo booths and more. How can we help you celebrate your next occasion?

Looking forward to 2018 and all of the events it will bring!

Cheers!

Your Partner in Production!
