Dear Colleagues and Partners,

We proudly present, as owners, next inline professional plate processor for rinsing and gumming thermal offset plates:

Glunz & Jensen - C85

Machine information:

This professional and modern automated plate processor washes and gums up to 85 cms width size thermal offset plates in an inline situation after the exposure in less than one minute. The plates are easily processed in this nice set of machinery for washing in combination with the gum that is used. The plates are washed out, gummed and dried. They arrive ready for printing on the delivery table.

Specifications:

Type: Glunz & Jensen C85

Min. / max. plate size: 230x300 / 850x1100 mms

Thickness: 0.15 - 0.30 mms

Speed: 60 cm/min with brush speed 120 rpm

Automatic start of the machine by inserting a plate and the complete process is sensor controlled, inline dryer (45 degrees Celsius) and gumming for production ready chemical free thermal offset plates.

Including: operating manual & parts book

All safeties on the machine

Year / Serial number: 2011 / 95455-0173

Technical- and optical condition:

Technical: 10/10 (can go to end-user directly)

Optical: 10/10 (cleaned and checked)

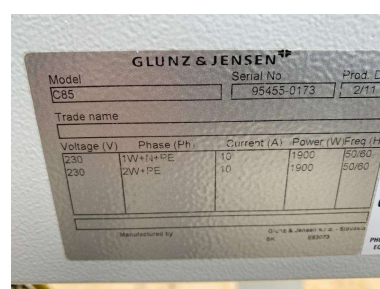

Price & terms:

Our price: euro 1.950,--

Terms: FCA (Incoterms 2010)

Availability: direct from stock, ready for transport

Location: our warehouse - the Netherlands

Additional information:

If you need any more information or pictures, please send us an [Email](mailto:info@mctrade.nl) or check our website www.mctrade.nl and let us know. You can click on above shown photos and download them (and more) from our website. Of course, we can combine this machine with other used machinery to load a container or truck. Please, ask for it.
