SPRAY POLYURETHANE FOAM ALLIANCE

SPFA Governance

Bylaws References and Dates for the Next SPFA Board of Directors Election

Like all business entities, trade associations must abide by a set of official bylaws. The SPFA Bylaws are available on our website at sprayfoam.org/governance. Ahead of SPFA's Board of Directors (Board) election in May-June of 2026, SPFA would like to emphasize specific Bylaws references adopted by our organization.

ARTICLE III Membership – Section 2. Categories of Membership

D. Member Voting:

- each Organizational member shall identify an individual who shall serve as the voting representative
- each Organizational member shall be entitled to cast a single vote on matters before the voting membership for action

ARTICLE IV Board of Directors – Section 2. Composition and Election

e) Nominees for election will be eligible to run from either the "Contractor" or "Supplier or Consultant" category of membership, depending on which particular category aligns with the candidate's current employment within the industry.

If a nominee is or becomes employed by both a "Contractor" as well as a "Supplier or Consultant" that are each dues paying SPFA members in good standing, the nominee will automatically default to the "Supplier or Consultant" category for the purpose of election to a position on the Board of Directors.

Section 3. Terms: The terms of elected members shall commence on July 1 following their election and expire on June 30 four years hence.

Timeline for upcoming 2026 Board of Director elections:

APRIL 22 - MAY 13	MAY 18 - JUNE 17	JUNE 22	JULY 1
Board nominations accepted from SPFA members	Ballot available for all SPFA Voting Reps to cast their vote	Election winners announced	Terms for newly elected SPFA Board of Directors begin

SPFA will communicate details of our Board of Directors nomination and voting processes through traditional methods of email, newsletter, website, magazine and social media.
