Check your eligibility and apply for discounted Internet service

The Affordable Connectivity Program (ACP) is a U.S. government program run by the Federal Communications Commission (FCC) to help low-income households pay for internet service.

Eligible households can receive a monthly \$30 discount on internet service, a one-time discount of up to \$100 for a laptop, tablet, or desktop computer (with a co-payment of more than \$10 but less than \$50), or a low cost service plan that may be fully covered through the ACP.
