

Logo Sponsorship Opportunity

Fun Time Early Childhood Academy would like to invite you to become part of efforts in our community to make a difference in the lives of underserved children from working families. For 65 years Fun Time has provided high-quality early learning opportunities giving underserved children in our community the tools they need to succeed in kindergarten and beyond.

Here is where you come in! Our summer programs are about to begin, for a \$500 contribution you can positively impact underserved children from working families in our community access early learning opportunities they would not otherwise experience.

Your logo will be incorporated into our summer T-shirt worn by over 200 students, staff and families in and around our community throughout the summer. As you can imagine, we have limited spots available for this opportunity. We would like to invite you to showcase your support for children's education in Naples by completing the form below along with your contribution.

We are grateful for your consideration and welcome the opportunity to share more of our history and impact!

Warm regards,

Jessica Campbell
