

8/21/21

Dear Nick,

I hope this note finds you well & in good health! This story will brighten your day. My 8 y/o grandson, Hunter, asked me about a SafeHaven Magnet on my fridge. I explained your mission & that people donate if they can to help your foundation.

He gave me a 2 dollar bill & a penny he had in his possession & asked me to send it in. He wants to help. His simple sweet act warmed my heart.

Our next generation will continue the good work in caring about others.

Enclosed please find his donation of \$2.01. Stay healthy & may your blessings continue to flow.

Linda
