Cruise Planners, Giving Back to the Community

We were very fortunate to have been selected to be the recipients of a donation drive held this past May 7th, during the annual conference of Cruise Planners.

Cruise Planners was founded in 1994 by Michelle Fee along with two travel industry veterans in Coral Springs, FL. When Michelle started Cruise Planners, she was a travel agent and a young mother who had a passion for travel and a drive for success.

Cruise Planners passion extend far beyond the travel industry; they are also passionate about giving back to the global community and created CP Cares™. CP Cares started out as a humble effort to support causes that they, as a family, cared about a great deal. Fortunately, as they grew, they were able to establish an outreach program that has helped thousands of people around the country and throughout the world.

CP Cares isn't simply a corporate initiative. They are committed to helping non-profit organizations throughout the nation and around the world. Starting with their leadership and extending to the franchise owners in all 50 states. Together, they raise awareness and donate funds to various charities, as well as providing hands-on service to the community.

We are very thankful for their support and the wonderful items that were collected during their May 7th, 2018 conference.
